

# SCOTT BACKOVICH

ENGAGE . CAPTIVATE . INSPIRE

**INTERNATIONALLY RENOWNED YOUTH MOTIVATIONAL SPEAKER**

## HI SCOTT

Youth motivational speaker Scott Backovich has dedicated his life to doing one thing: inspiring teens to impact the world around them.

He's been the featured speaker at conferences and schools across North America, appeared regularly on both television and radio as a student leadership expert, and established himself as a worldwide teen advice guru that students can trust.

Witty by nature, caring at heart: for Scott, this is merely the tip of the iceberg. Scott's quirky yet powerful style and message speak to students at their own level, helping them to understand the true potential they hold.

Still in his 20's, Scott understands that students today need to be reached in new and innovative ways. From cell phones to Twitter updates, Facebook to YouTube, teens have both grown up in and created a culture that has redefined what it means to connect.

Scott understands. He has devoted his life to connecting with and empowering students everywhere. On any given day, he can be found receiving rave reviews on stages around North America, but also answering questions as a highly sought-after teen advice expert. For Scott, it's not about talking at students; it's about connecting with them where they are.

***“Those bad things that have happened to you, that baggage that you have? It does NOT define you. How you choose to grow from it, will.”***

When listening to Scott, your teen audience will find themselves laughing and actively participating from start to finish, all while learning valuable lessons along the way.

His stories connect. His lessons inspire. Best of all— Scott's words stick.

Today, Scott resides in Southern California amongst friends and family who inspire him daily. When not speaking onstage, he can be found exploring Disneyland, relaxing with friends, or wrapping up in a warm Snuggie (yes, we're talking about the blanket with sleeves).

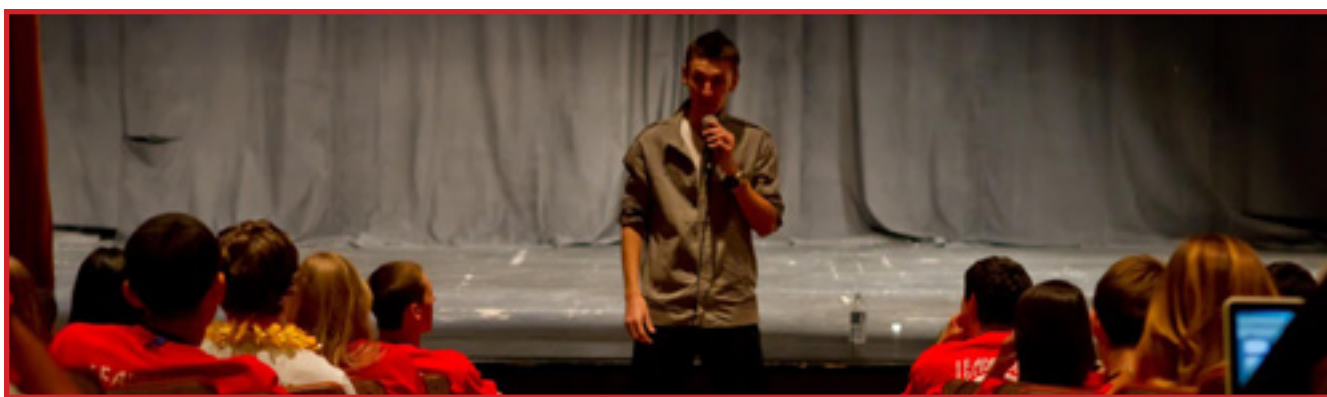

## CONFERENCES. ASSEMBLIES. WORKSHOPS

Your schools, conferences, and students all have individual needs that deserve to be addressed in a powerful and memorable fashion.

The goal of each of these events, while unique in their own right, is always the same—to bring in a speaker who not only connects with the students, but who leaves a lasting impact on their lives... *Scott's programs do just that.*

From massive conferences to intimate retreats, high school assemblies to leadership trainings, Scott's wide range of packages offer the perfect solution to any program need.

## High School Assemblies

Campus respect, bullying, academic success, school spirit: we all have aspects of our campus population that need to be improved upon. Scott understands. By catering a message specifically for your campus, he can cut right to the core of the problem, inspiring students to make positive changes that last long after the assembly itself.

*“The best speaker we have EVER had on our campus! The students were so excited. Every single one of them was up on their feet – they were participating, and they were cheering. It was fun, but it was also powerful!”*

## Workshops

Inspiring your students is always a key goal of any conference or assembly, but true skill building is equally important in creating a lasting impact on your teens. From interactive leadership trainings to action-packed lessons on teambuilding and communication, Scott’s workshops challenge students to think outside of their comfort zone in order to aspire to a higher level of understanding and confidence.

Scott’s workshops are always interactive, always productive, and, most importantly, always memorable.

## SPEAKING

Scott's time on stage begins as a party. In one moment, students are laughing hysterically, moving actively on their feet, and shouting at the top of their lungs.

Yet only minutes later, that same room is silent; students find themselves hanging on to every word of Scott's heartfelt and challenging message. It is at this point that the students in attendance realize they are no longer watching a presentation to an audience of hundreds or even thousands—they are hearing their own personal call to action.

### MOST POPULAR KEYNOTE

## Be a Catalyst

Teens have a huge impact on those around them—from their casual acquaintances at school to the close friends they see virtually 24/7.

At the same time, each and every student has the power to influence their world in some way, shape, or form. Before changing anything though, each student must undoubtedly recognize that the world they live in is not perfect by any means.

It takes passion and determination to make it a better place.

Regardless of the situation, capacity, or context, the only way students will truly change their circumstances is if they decide to be a catalyst—someone who is the change in their world

Ideal Events Include:

- Student Leadership Conferences
- High School Assemblies
- Teen Summit Programs
- Back-to-School Orientations
- Middle-School Assemblies

Come see us again!!! “
